

Bommidi Sai Pranith

Hyderabad, India

saipranithbommidi@gmail.com — +91-8790849201 — LinkedIn

Career Objective

ECE undergraduate with a strong interest in VLSI design, digital electronics, and semiconductor systems. Seeking an internship opportunity to apply knowledge of logic design, CMOS circuits, and hardware description concepts in real-world chip design workflows.

Education

KLH University	Sept 2023 – May 2027
B.Tech in Electronics and Communication Engineering	CGPA: 8.21
SR Junior College	2021 – 2023
Intermediate (MPC)	96%
Mary Mediatrix High School	2021
SSC	CGPA: 10.0

Relevant Coursework

Digital Electronics, Analog Electronics, Signals and Systems, Electronic Devices and Circuits

Technical Skills

Core Concepts: Digital Logic Design, CMOS Fundamentals, Combinational & Sequential Circuits, Basic Circuit Analysis

Programming: C (Fundamentals), Python (Basic)

Tools: Ansys STK, Git, Basic simulation tools

Projects

Digital Logic Design using Verilog (Basic)

- Designed and analyzed basic combinational circuits such as adders and multiplexers.
- Studied behavior of sequential circuits including flip-flops and counters.

CMOS Inverter Analysis

- Analyzed switching characteristics and voltage transfer curve of CMOS inverter.
- Studied power-delay trade-offs in basic CMOS circuits.

Basic Circuit Simulation

- Performed simulation of electronic circuits to understand voltage, current, and signal behavior.
- Gained practical exposure to circuit analysis concepts.

Certifications

- STK Certification (Level 1) – Ansys
- Introduction to Networking – NVIDIA Academy
- Introduction to Cybersecurity – Cisco Networking Academy

Technical Interests

VLSI Design, Semiconductor Devices, Digital System Design, Chip Design Workflows

Additional Information

- Strong analytical and problem-solving skills
- Quick learner with interest in hardware design and semiconductor technologies
